Listen When I Cry

Dm *G*
Listen when I cry O God
Dm *G*
Do not turn away and leave me all alone
Dm *G*
Day and night my heavy heart
Dm *G*
Breaks with all the endless troubles I have known

Bbmaj7 *C* *Bbmaj7*
I'm sinking in despair, my spirit ebbs away
C *Bbmaj7*
Surrounded by the darkness deeper every day
C *Bbmaj7*
And when I look around I see no-one who cares
C
My only hope is You hear my prayer

Never have I been so low
Rescue me from those who want to hunt me down
I can't fight them on my own
I can barely lift my feet up off the ground

Dm *G*
You're my only hope
