
Your Heart Is For Me

F *G* *Am*
When the work to be done is unending

F *G* *Am*
And I'm worn with relentless days

G *Am* *C* *F* *C* *G*
When I'm aching to find any peace of mind, my life in disarray

F *E7*
With the dark closing in and the worry within

Am *G*
I am yearning to be set free

C *G/B* *Am* *C/G*
I believe that your eye watches every sparrow

F *G* *C*
And I know that your heart is for me

When each step that I take is a challenge
And I'm fighting to hold my ground
When I feel on my own, weary to my bones, with turmoil all around
Though the battles are hard, when I'm broken and scarred
Then I trust you will never leave
For I know that your eye watches every sparrow
And I know that your heart is for me

When I struggle to see you are with me
And surrounded by waves of doubt
When my vision is blurred and you can't be heard, I long for solid ground
When the storm thunders on, when the wind is too strong
Though I'm lost on a raging sea
If it's true that your eye watches every sparrow
Then it's true that your heart is for me
